

The Problem is Obvious. The Solution is Clear.

FIND THE PROBLEMS:

- empty car idling
- driving slow in your car
- tracking mud onto paved road
- burning yard and garden clippings
- agricultural field burning
- pouring used motor oil down sewer drain
- smoking
- littering
- driving fast on an unpaved road
- smoking chimney from burning wet wood
- spilling gasoline at gas station
- dumping industrial wastes into lake

FIND THE SOLUTIONS:

- composting yard and garden waste
- keeping streets/sidewalks clean
- walking your dog
- packing your lunch
- using a push lawnmower
- taking a reusable bag to the grocery store
- recycling
- taking your car in for regular tune-ups
- carpooling with coworkers
- riding the bus
- riding your bike
- using the telephone rather than driving
- planting trees
- purchasing only certified stoves
- buying bulk tires at the store
- vanpooling
- parking and riding the shuttle bus
- keeping wood covered, dry
- keeping your chimney clean — chimney sweeper
- reducing soil erosion by planting trees, bushes
